**Advance's Maia Service walks
alongside self-identifying
young women and girls to get
vital support at the earliest
opportunity and prevent
further harm.**

**We support young women
and girls who are:**

- Aged 13-25.
- At risk of, or who have previously experienced, domestic abuse, either through their own intimate or familial relationships.
- Living in the London boroughs of Hammersmith & Fulham, Newham, Tower Hamlets, Hackney, Camden, Brent, Islington and Westminster.

Advance's Maia service is part of the wider Maia & LIFT partnership. **Chance UK**, delivers the LIFT programme, offering mentoring to young women and girls from the age of 9 to 13, in one-to-one sessions with professional youth workers as well as group work.
