Advance's Maia Service walks  
alongside self-identifying  
young women and girls to get  
vital support at the earliest  
opportunity and prevent  
further harm.

We support young women  
and girls who are:

- Aged 13-25
- At risk of, or who have previously experienced, domestic abuse and unhealthy relationships, either through their own intimate or familial relationships
- At risk of being involved in the criminal justice system
- Living in the London boroughs of Hammersmith & Fulham, Newham, Tower Hamlets, Hackney, Camden, Brent, Islington and Westminster

Advance's Maia service is part of the wider Maia & LIFT partnership. **Chance UK**, delivers the LIFT programme, offering mentoring to young women and girls from the age of 9 to 13, in one-to-one sessions with professional youth workers as well as group work.
